Notice (09-May-2020)

GREEN COVER POLICY OF THE INSTITUTION

Keeping in view the ever changing dynamics of the environment, the government college of education, Jammu plans to devise a policy to maintain the green cover of the college campus along with achieving different objectives and purposes. The department of Environmental Sciences will take the lead in implementation of this policy and reviewing the policy over a period of time. The objectives of the policy are:

1. To acquaint different stake holder of the college through seminars, workshops and etc. about the importance of cleanliness and the need for maintenance of green cover in college campus.
2. To understand the importance of 3R's i.e Reduce, Recycle and Reuse.
3. To undertake green audits on annual basis.
4. To promote eco-friendly practices like planation drives, No Smoking Zone, No Tobacco Zone, restricted entry of automobiles, pedestrian friendly pathways, plastic free campus, etc.
5. To promote water conservation, e-waste management, bio-medical waste management, etc.
6. To promote paper less office i.e e-Office initiatives.
7. To implement landscaping and infrastructural initiatives like herbal park project.
